Padre Dam Municipal Water District makes no representation about any other qualification of the listed backflow assembly testers who may or may not be licensed by the State of California. The list is provided only as information and is not intended as either an advertisement or a warranty, expressed or implied. This list may not be comprehensive. Customers may use a tester not found on this list, if they are certified to test backflows in California. All backflow tests must be submitted according to Padre Dam's approved test submittal process. Please contact Padre Dam if you have any questions regarding backflow testing requirements. 619-258-4731 - [backflow@padre.org](mailto:backflow@padre.org).
